

BIC ELECTRIC & RESOLUX

Turnkey electrical solutions
for Wind Power Industry

BIC AND RESOLUX JOIN FORCES
TO DELIVER WHAT THEY
EACH DO BEST: ELECTRICAL
INSTALLATIONS AND
COMMISSIONING, COMPONENTS
AND HARDWARE FOR WIND
POWER PLANTS

Environmental issues have always been important for BIC Electric and we are excited that our competences are finding application in the high profile green projects like offshore wind farms. We are happy to be contributing to the reduction of CO2 emissions.

Jens-Christian Møller
BIC Electric CEO

Provides all installation work on site wherever in the world needed:

- electrical installation
- mechanical installation
- commissioning and on-site
 - HSEQ
- offshore and onshore

BIC Electric is an international technical service provider in engineering, electrical and mechanical assembly, installation and commissioning working worldwide in 4 business areas with 15 years of experience.
